Introduction

This is an exciting time to join UK-Med. We have expanded significantly over the last few years and have an ambitious strategy in place for growth.

The world is experiencing an unprecedented level of humanitarian need. Natural disasters, disease outbreaks and conflict can hit at any time.

The people affected are often the poorest and most vulnerable and the health problems they experience post-disaster are long-lasting. We believe that they deserve the highest quality emergency healthcare. We seek to save lives, but also to build resilient health systems so that people can lead healthy lives in the future.

Our people work together to:

- **Respond:** rapidly to emergencies, delivering the expertise needed to support local health services and save people's lives.
- **Prepare:** health staff through training and capacity building, enabling health services to be better prepared for emergencies.
- **Learn:** and share learning worldwide through our academic partners, ensuring patients get the best care.

We are very excited about our plans to meet these challenges and to grow UK-Med and I hope you will join us on this exciting journey.

David Wightwick
UK-Med Chief Executive Officer

Advert

Role:	Procurement Officer
Hours:	Full-time
Remuneration:	£24,000 - £26,000 gross annual
Duration:	Permanent contract
Location:	UK-Med storage facility, Stockport, UK (with flexibility for some home-working)

Are you a procurement specialist looking to make a huge impact on surge health responses?

UK-Med is a humanitarian NGO that has been responding to disasters for over thirty years. We prepare and equip medical teams, both in the UK and worldwide, so they are ready to respond when epidemics, conflict and natural disasters hit. When Ebola struck West Africa in 2014 we recruited and trained UK doctors and nurses who helped local medical teams and other NGOs to bring the outbreak under control. We are core partners, providing the clinical component of the UK Emergency Medical Team (UK EMT) in line with WHO standards.

We are recruiting a Procurement Officer to conduct effective mid-value procurements across all categories and departments.

As Procurement Officer you will be involved in UK-Med's procurement system end-to-end. This will include procurement, order processing, and international transport. You will bring relevant procurement expertise, either from relevant work history or a combination of a relevant qualifications and experience.

We offer a competitive salary and benefits along with a friendly working environment and the opportunity to make a real difference through humanitarian work.

How to apply

To apply, please submit a **current CV and a supporting letter** (2 pages) that includes:

- A detailed explanation of your suitability for this post with **specific reference to the essential criteria** in the person specification
- Full contact details
- Your current pay grade and salary, and your salary/fee expectation in this role
- Where you saw this role advertised

Applications must be submitted through our [online jobs portal](#) no later than **Wednesday 21 September, but interviews will be conducted on a rolling basis, therefore the ad may close early.**

UK-Med is committed to safeguarding of our personnel and beneficiaries and has a zero tolerance approach to sexual exploitation and abuse. We conduct thorough vetting before any appointment is confirmed.

UK-Med is committed to the principles of diversity, equality, and inclusion. We strive to provide an inclusive and supportive environment where employees feel respected and supported to be able to fulfil their potential.

Applications for work in the UK can only be accepted from people with an existing right to work in the UK.

About UK-Med

UK-Med (www.uk-med.org)

We train and deploy medical teams and specialists to save lives when epidemics, conflict and natural disasters hit. As disasters grow more frequent, severe and complex there has never been a greater need to respond quickly and effectively. We believe in a world prepared to help.

It started in 1988 with a team of eight Manchester clinicians led by our founder Tony Redmond, when a huge earthquake ripped through Armenia. Teams continued to deploy throughout the 1990's and 2000s, and when Ebola struck West Africa in 2014 UK-Med stepped up. We recruited and trained the one hundred and fifty UK clinicians who worked alongside local medical teams, other NGOs and DFID to bring the outbreak under control.

UK-Med has deployed teams to a range of countries and crises including Cape Verde, China, Gaza, Haiti, Bosnia and Herzegovina, Indonesia, Jordan, Kosovo, Pakistan, the Philippines, Sierra Leone and Bangladesh. Our teams have undertaken a range of work on deployment including general medical care, trauma and surgical care, outbreak response and training of local healthcare staff.

The UK EMT

The UK Emergency Medical Team (UK EMT) provides high quality emergency health care solutions in a range of humanitarian contexts on behalf of the UK Government. The programme is led by the Foreign, Commonwealth and Development Office (FCDO) and works under the guidelines of the WHO Classification and Minimum Standards for Medical Teams in sudden onset disasters. We recruit and train teams of UK-based clinicians, normally released for three weeks at a time by NHS employers. At any time, we have a team of sixty clinicians on call who are ready to respond to disasters anywhere in the world within twenty-four hours.

We can respond following earthquakes, cyclones, hurricanes, disease outbreaks or to other humanitarian contexts. Depending on the needs, we might deploy individual personnel, small clinical or advisory teams, self-sufficient primary care facilities or a field hospital including surgical team and inpatient facilities.

UK-Med Vision, Mission and Values

Our Vision

A world where everyone has the healthcare they need when crises or disasters hit.

Our Mission

We save lives in emergencies.

When health services are overwhelmed, we get expert health staff to where they're needed fast.

We help communities prepare for future crises.

We Value:

Excellence

We set high standards for ourselves and the organisation. We strive to be outstanding in everything we do.

Determination

We have a can-do attitude and thrive on problem solving. No matter what the challenge, we explore all options so if there's a way we'll find it. We don't give up easily.

Compassion

We care about people. The health and wellbeing of our patients and our people is central to everything we do.

Learning

We believe in knowledge-sharing and giving people the means to develop their capabilities. We value learning and continual growth.

Collaboration

Working in partnership with stakeholders, communities and colleagues is key to the success of our work.

We respect the skills, knowledge and experience of those we work with and take care to listen and adapt to changes in need.

Job Description

Job Title	Procurement Officer
Reports to	Procurement and Supply Chain Lead
Duration	Permanent
Hours	Full-time
Place of work	UK-Med storage facility, Stockport, UK (with flexibility for some home-working)

Purpose of role

Leading on mid value procurement activity in support of UK-Med responses.
